Comments - Statement of Financial Activity (Nature & Type)

Actual operating revenue is \$304,806 higher than the year-to-date amended budget amount. Most of the additional revenue is from Fees & Charges and mainly relates to higher than budgeted recreation centre activities, Parry Beach camping charges, standpipe income and lime sales.

Actual operating expenditure is \$314,234 lower than the year-to-date amended budget amount. The variance mainly relates to year to date savings in employee costs due to vacancy credits. Material & Contractor costs are also tracking under budget.

Capital expenditure is tracking behind the scheduled budget and is the main reason for the significant variance between the budgeted Closing Funding Position and the actual current Closing Funding Position as at 30 April 2024. It should be noted that any capital works subject to grant funding are usually tied to certain milestones in the progress of the works being met before the funding (or part thereof) being released.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the period ending 30 April 2024

Note 1: MAJOR VARIANCES

For the purposes of Local Government (Financial Management) Regulation 34 regarding levels of variances for financial reporting, a variance of 10% or greater of the annual budget estimates to the end of the month to which the report refers for each program area in the budget, as a level that requires an explanation or report, with a minimum dollar variance of \$10,000.

A second tier reporting approach shall be a variance of 10% or greater of the annual budget estimates to the end of month to which the report refers for each General Ledger/Job Account in the budget, as a level that requires an explanation, with a minimum dollar variance of \$10,000.

Noting that as Council adopts an annualised Budget, the Executive Manager of Corporate Services may vary the month end Budget estimates from time to time to take into consideration the variances with respect to project timing and scheduling to allow for more realistic and relevant comparisons to be made, subject to the total of the Council adopted Budget not being altered.

Comments/Notes - Reserves

The movement in cash backed reserve funds represents interest earned on reserve funds and transfers to and from reserves as adopted in the budget. The more significant transfers are normally performed towards the end of the financial year to coincide with the completion of the capital works program to which most transfers relate.
