BE A PART OF A TRAIL TUTORIAL

Whether you want to make reselling your side hustle or are itching to find out how you can repurpose or repair your stuff, we've got you covered. Tune in to a Trail Tutorial online workshop on 6-7 November. Find out more and save your free spot at garagesaletrail.com.au/trailtutorials

LET'S GET CIRCULAR

Extending the life of the stuff we own by reselling, repairing or repurposing is one simple way we can be part of the circular economy. It's good for the planet and our pocket. In fact, if everyone bought one pre-loved item over new this year it would prevent 2.6 million tonnes of CO₂e being produced. That's equivalent to planting 66 million trees.
