

Child Safe Awareness Policy

Policy Statement

The Shire of Denmark supports and values all children and young people.

The Shire of Denmark is committed to supporting the safety and wellbeing of all children and young people, including protection from abuse.

This Child Safe Awareness policy is one of the ways the Shire of Denmark demonstrates its commitment to being child safe and a zero-tolerance approach to child abuse.

This policy aims to reduce the risk of harm and child sexual abuse in our community by encouraging child safe environments to be created and maintained. The Shire of Denmark is committed to encouraging local organisations to be child safe and ensure children are safe and empowered.

This Child Safe Awareness Policy has been developed in response to Recommendation 6.12 of the Royal Commission into Institutional Responses to Child Sexual Abuse and recognises that the Shire of Denmark is uniquely placed within the local community to demonstrate leadership by supporting organisations to be child safe and to protect children and young people from harm and/or abuse.

The Shire of Denmark will promote the safety and wellbeing of children across the community.

Consistent with the National Principles for Child Safe Organisations and Commonwealth Child Safe Framework, this policy provides a framework that outlines the role of the Shire of Denmark in supporting local organisations to be child safe through access to resources, awareness raising and sharing relevant information.

Policy Scope

The safety and wellbeing of children are everyone's responsibility.

This Child Safe Awareness Policy applies to all employees, volunteers, trainees, work experience students, interns, and anyone else who undertakes work on behalf of the Shire of Denmark, regardless of whether their work relates to children or young people.

It applies to occupants of Shire of Denmark facilities and venues, including community groups, visitors, contractors and suppliers.

Definitions

Abuse: Abuse is an act, or a failure to act, towards or on behalf of a child that may result in harm. It can occur on one occasion or multiple occasions. Sometimes, the impact of multiple events leads to harm that becomes cumulative in nature. Types of abuse include physical, emotional and sexual abuse, and neglect.

Child/Children: Means a person under 18 years of age, and in the absence of positive evidence as to age, means a person who appears to be under 18 years of age.

Child Safe Organisation: is defined in the Royal Commission Final Report as one that:

- creates an environment where children's safety and wellbeing are at the centre of thought, values, and actions;
- places emphasis on genuine engagement with and valuing of children and young people
- creates conditions that reduce the likelihood of harm to children and young people;
- creates conditions that increase the likelihood of identifying any harm; and
- responds to any concerns, disclosures, allegations, or suspicions of harm.
Note: in the context of local governments, this would involve referring concerns to the Department of Communities or WA Police to respond appropriately.

Implementation of the National Principles for Child Safe Organisations gives effect to the above.

Child safe: For the purpose of this policy, child safe means protecting the rights of children and young people to be safe by taking actions that can help prevent harm and abuse.

Harm: Harm, in relation to a child, means any detrimental effect of a significant nature on the child's wellbeing, whether caused by a single act, omission or circumstance; or a series or combination of acts, omissions or circumstances.

Wellbeing: Wellbeing of children and young people includes the care, development, education, health and safety of children and young people.
